Over road:	Yes	No	Lay Days:	Yes No N/A	Length of unstepped mast:
Company Doing Work ("X"one):		Cape Ann Marine	Outside Contractor Name:	Myself/Owner	Date Starting:
Additional Comments and Notes:					

To speed our hauling operation and to prevent damage to your boat, we would like you to mark the shaft location. Use black tape on your port and starboard rails, where the shaft comes through the hull. This will insure proper strap location when we haul _____(initial)

Cape Ann Marina or Cape Ann Marine Sales & Service are not liable for damage to spray rails, bilge keels, transducers, through-hull fittings, under water lights, roll dampening components or any similar hull protuberances while hauling and/or launching. The vessel owner is responsible for providing any special equipment required for the protection of those hull components during the aforementioned operations. _____ (Initial)

OWNER'S RESPONSIBILITY – All boat heads and holding tanks MUST be pumped out at Fuel Dock prior to haul or arrival. The rate is \$250.00 if done by us. NO HAULING without signed Agreement & Rules, payment/deposit and "Certificate of Insurance", following the instructions as indicated on our Insurance Requirements Form.

You must contact the Dockmaster prior to arrival. Daily dockage rates will apply if you arrive early, arrive without prior confirmation with the Dockmaster office and/or if the boat is on the dock (not ready to haul) for more than 48 hours. As we do not haul on Saturdays or Sundays, customers arriving Wednesday, Thursday or Friday will need to be ready/scheduled to haul by Friday to avoid dockage fees. DINGHY HANDLING and STORAGE upon request, different rates apply.

**Boats over 13' beam may require additional surcharge - Rates are subject to change without notice.
BOATS ON LAND AFTER 6/1/2022 SUBJECT TO LAY DAYS IF BOAT IS NOT REMOVED. NO EXCEPTIONS
